INTRODUCTION

Puncho Security services is a 100% black owned company that adheres to black empowerment and elevation of previously disadvantaged communities in the economic mainstream of their country. Our aim is not only creating job opportunities but to ensure that we impact positively on the economy of the country on long term basis. This also include transfer of skills to communities in the security sector.

VISION

Our vision is to provide security services and installation and maintenance of integrated electronic security systems to the best worldwide standards and continually set a benchmark in providing and improving our integrated approach in security services throughout Africa.

Mission

Our mission is to maximize the stakeholder Value through consistent growth and stability by:

- *Providing and managing unique, cost effective, advanced integrated security solutions.*
- *Comply with international health, safety and environmental standards*

Values

- *We maintain high business ethics by being trustworthy, honest, respectfully to each, our clients and the environment*
- *We provide safe and secure work environment for our employees.*
- *We encourage loyalty and dedication thereby creating a team of passionate workforce. We embrace discipline.*
- *We value social environment and practice good citizenship and encourage open channel of communication.*
- *We consistently provide high quality reliable services to our clients.*
